

AIRSTREAM® Atlas 25RT

2027 TOURING COACHES

Where Premium Design **Meets Practical Freedom**

Meet the Airstream Atlas® 25RT Touring Coach, featuring sophisticated interiors with a rear pass-through garage designed to carry all your adventure essentials. Built on the Mercedes-Benz® Sprinter 4500 chassis, Atlas 25RT delivers smooth, confident power, advanced safety systems, and the assurance you need for every mile ahead.

If you've been dreaming of Airstream adventures, desiring a lifestyle shift that maximizes your travel, or want to downsize from a larger RV to a Class B+ Touring Coach, Atlas 25RT is the perfect way to make your Airstreaming dreams come true.

Go places a traditional Class C or Class A can't. Atlas 25RT's thoughtful design means you travel farther, park easier, and enjoy more freedom on the road.

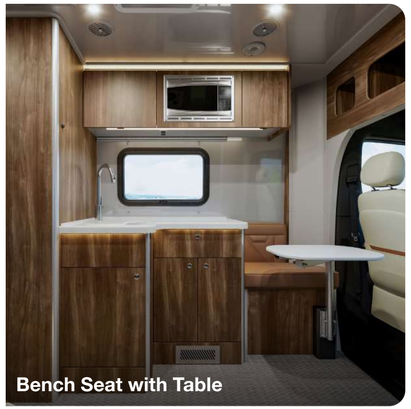

Solid surface countertops in the galley

Residential Style Lavvy

Dedicated Shower Space

Bench Seat with Table

Twin Beds. Dry Bath. **Pass-Through Garage. No Compromises.**

More gear, more room, more practical living. Atlas® 25RT is the ultimate touring coach for your do-everything trip. Need to pack the fishing rods, tennis racquets, and star-gazing equipment? No problem. Want premium relaxation and recovery after a big day outdoors with friends and family? Atlas 25RT will have you fully recharged in no time.

The rear twin bed floor plan opens up the interior for easy movement, while a thoughtful storage plan includes overhead compartments and lower cabinet storage throughout the interior, with below-bed storage in the bedroom area.

Floorplan

The Airstream Atlas® 25RT features a single, thoughtfully designed 25-foot floor plan that feels both nimble on the road and expansive inside. A rear twin-bed layout opens the living area for easy movement, while ten dedicated storage compartments and drawers beneath the beds keep everything organized for long tours or quick weekend escapes.

The living space feels like home, with a 24" 12 V smart HDTV mounted on an articulating arm for comfortable viewing without overwhelming the interior. In the galley, a stow-away induction cooktop maximizes counter space, and a 6.6 cu ft. 12 V refrigerator delivers generous, energy-efficient cold storage.

Because the Best Trips
Don’t Travel Light

Built on the Mercedes-Benz® Sprinter 4500 chassis, Atlas® 25RT delivers smooth diesel power, advanced safety systems, and long-haul confidence. A factory hitch, seven-pin trailer plug, and trailer stability assist make towing capable and controlled, while thoughtful design lets you travel farther, park easier, and enjoy more freedom on the road. Standard power includes deep-cycle lithium batteries with a built-in heater totaling 6.9 kWh, with an optional upgrade to the Advanced Power Plus System boosting capacity to 17.2 kWh. Pre-wired for solar and offering an optional 400 W rooftop array, Atlas 25RT is ready for off-grid flexibility and extended stays away from shore power.

1 Extend the shade and create an instant outdoor lounge accompanied by premium outdoor table and set of chairs, included with every Atlas 25RT.

2 Set up with confidence at the campsite, the beach, or the family farm. Optional hydraulic leveling jacks are available for easy stabilization on uneven surfaces.

3 The Mercedes Benz hitch and seven pin trailer plug pair with trailer stability assist for capable towing and confident control.

4 A dedicated rear pass-through garage lets you bring more of what you love.

5 Pre-wired for solar, with an optional 400 W rooftop array, Atlas 25RT is ready for off-grid flexibility and longer stays away from shore power

6 The rear twin bed layout opens up the interior for easy movement, while a thoughtful storage plan makes stowing all the comforts of home feel effortless and organized.

*** New Vehicle Limited Warranty. Individual components may vary. See Owners Manual for specific warranty coverage and information.
**** Weights are approximate. See Vehicle Sticker for specific vehicle information.
***** Starlink service plan required.

Why You'll **Love It**

Airstream has come a long way since Wally Byam first started designing travel trailers. Today, we not only have touring coaches that make all kinds of trips possible but make them a 5-star experiences. Atlas 25RT's details make travel an absolute joy. From the power awning that encourages outdoor dining and lounging, to the JBL Bluetooth stereo, four speakers, and a subwoofer that make indoor time premium.

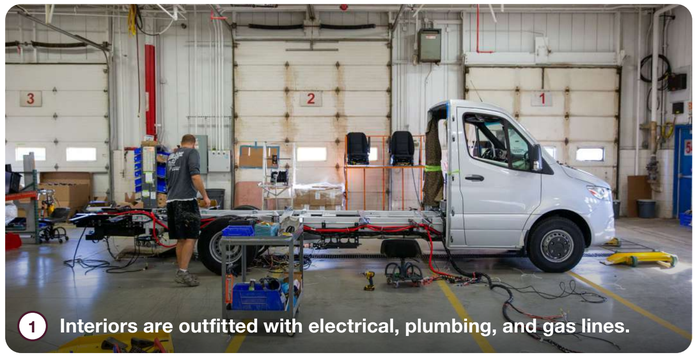

Everything about the Atlas 25RT speaks the language of an elevated experience. Air Ride suspension smooths out the miles and enhances control, helping the van feel composed across varied terrain and changing road conditions. It's also pre-wired for solar, with an optional 400 W rooftop array, Atlas RT is ready for off-grid flexibility and longer stays away from shore power.

How It's Made

Each Mercedes-Benz cab chassis arrives in Jackson Center fully loaded with safety and security features and one of the most powerful and dependable engines under the hood. Our expert craftspeople hand-build the exterior walls and roof in-house while undercarriage features like generators, holding tanks, and batteries are installed. Standard seats are removed and re-upholstered with plush Ultraleather, while the interior is outfitted with electrical wiring harnesses, plumbing, gas lines, and comfort systems. We handcraft every cabinet and storage locker in our woodshop, which are then installed along with the shower, seating, and galley appliances. Extensive paint and fiberglass bodywork complete the exterior. And like every Airstream product, Atlas is put through an extensive water check to ensure there are no leaks before quality inspection teams test every component, system, and function before it goes out the door to a customer.

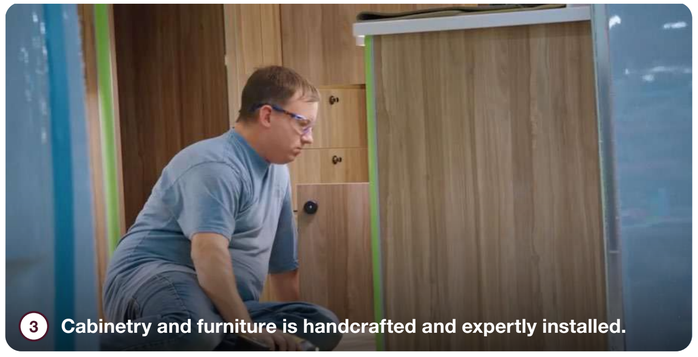

Schedule a factory tour

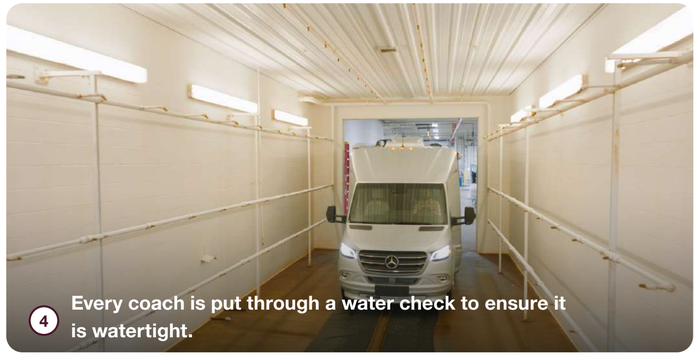

1 Interiors are outfitted with electrical, plumbing, and gas lines.

2 Seating is upholstered in-house with Ultraleather fabric.

3 Cabinetry and furniture is handcrafted and expertly installed.

4 Every coach is put through a water check to ensure it is watertight.
