Tenorite Gray Metallic

Luxury Meets
Rugged Capability

The Interstate 19GTX takes the nimble, versatile 19GT and upgrades it for adventure – combining the signature 19GT interior with rugged, adventure-ready exterior enhancements. At 19 feet, it's easy to park and maneuver anywhere, while 10.3 kWh of lithium power fuels your appliances, outlets, and induction cooktop so you can enjoy off-grid comfort without sacrificing everyday conveniences.

19GTX Features:

All-Wheel Drive & Electronic Stability Control: Mercedes-Benz systems provide added stability and confidence in all road conditions.

Tenzing Brush Guard with Integrated LED Lights: Rugged front-end protection with adjustable LED lights to blaze your path forward.

Durable Body Protection Coating: Protective coating on front and rear bumpers, sides, and hood for lasting durability.

Black Aluminum Wheels: Stylish and strong, paired with rugged, all-terrain tires for on and off-road performance.

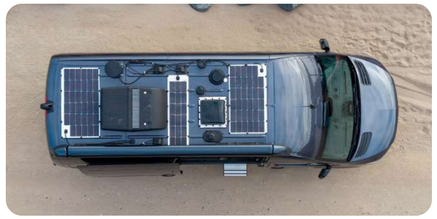

Black Running Boards: Easy entry and exit with durable, sleek black running boards.

Fox Suspension: 2.5 Performance Elite Series shocks tuned for the Sprinter platform, delivering superior handling, stability, and confidence - even fully loaded.

Exterior
Features

Built on the powerful performance of the legendary Mercedes-Benz Sprinter van chassis, the Interstate 19GTX is packed with exterior features that prioritize entertaining, camping, and enjoying the outdoors. The sliding door automatically opens, and the black, powder-coated running board allows for easy entry. With the new Advanced Power System, roof-mounted solar panels, and upgraded components, you'll have all the power you need to confidently take on the road ahead.

1 240 watts of solar panels on the roof harvest the free, abundant power of the sun.

2 The powered awning extends and retracts at the push of a button.

3 The standard Advanced Power Package combines a powerful battery system with a convenient single-fuel-source heating and hot water system.

4 Rugged brush guard with integrated LED lights adds protection and illumination for confidence on every adventure.

5 Safety sensors positioned around the exterior of the coach give you comprehensive situational awareness.

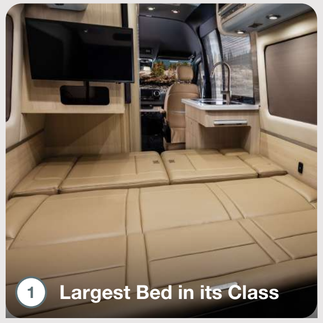

6 Mercedes-Benz performance under the hood is anchored by a powerful and efficient diesel engine.

Interior
Features

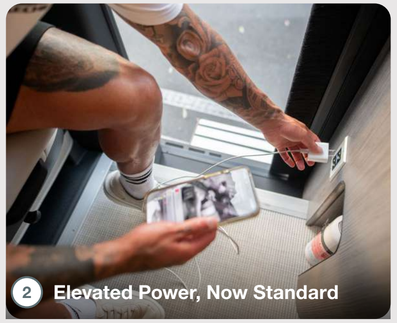

Interstate 19GTX's thoughtful design delivers everything you need for exceptional travel experiences. You feel it in the surfaces, the fabric choices, and the clever use of space. Its plush Ultraleather seating and marine-grade vinyl flooring are durable and easy-to-clean. Spacious overhead storage lockers keep things secure in transit and close at hand when you need it. And at the push of a button, the sofa converts to a wide sleeping area so you can wake up ready to tackle the next hike, the next match, or the next day on the water.

Explore More Interstate 19GTX Features

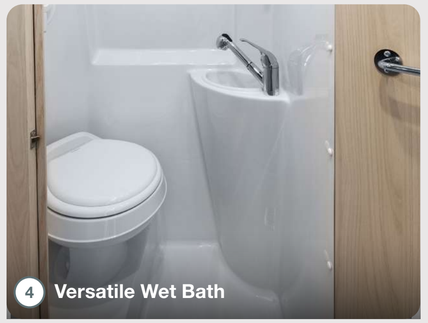

Push-button sofa conversion for ultimate relaxation

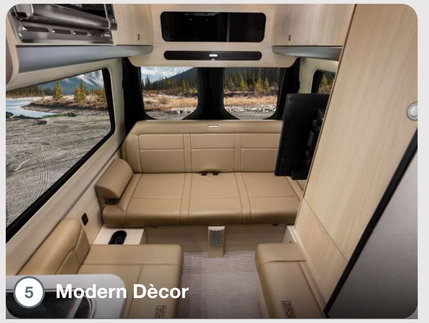

Powerful off-grid energy independence for more versatile travel

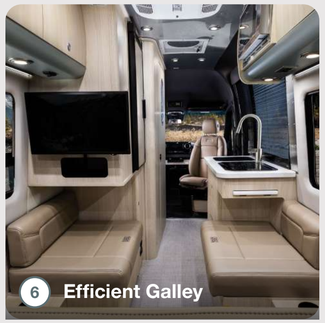

Control shades, A/C, lighting and monitor tanks and power levels

European-style wet bath neatly organizes everything in one space

Choose from four dècor packages to match your style

Induction cooktop, large sink, and plenty of counter space

Floor Plan

The Interstate 19GTX floorplan maximizes space and comfort in a compact footprint. A versatile rear lounge converts from a relaxing seating area to a comfortable sleeping space, while the front galley provides everything you need to cook on the go. With a fully equipped wet bath and smart storage throughout, the 19GTX delivers impressive functionality in a nimble, easy-to-drive package.

Go Farther and **Stay Longer**

The 2027 Interstate 19GTX's standard Advanced Power System gives you the freedom to camp at the mountains, the beach, or courtside. Designed for comfort and connection, it delivers reliable, renewable power every time you hit the road.

Details:

- 10.3 kWh Lithium Battery
- 240 W Solar Power
- 3,000 W Inverter
- Single Fuel Source Heating and Hot Water
- All-Electric Appliances

UPGRADE YOUR POWER

Advanced Power Plus

For extended trips and off-grid stays, the optional Advanced Power Plus upgrade boosts battery capacity to 17.2 kWh. Installed by your dealer, it supports multi-night use and more energy-intensive needs.

** Typical tow capacity will vary and is dependent upon build spec and intended vehicle loading with people, cargo, and fluids.
*** New Vehicle Limited Warranty. Individual components may vary. See Owners Manual for specific warranty coverage and information.
**** Weights are approximate. See Vehicle Sticker for specific vehicle information.

How It's Made

Each Mercedes-Benz cab chassis arrives in Jackson Center fully loaded with safety and security features and one of the most powerful and dependable engines under the hood. Our expert craftspeople hand-build the exterior walls and roof in-house while undercarriage features like generators, holding tanks, and batteries are installed. Standard seats are removed and re-upholstered with plush Ultraleather, while the interior is outfitted with electrical wiring harnesses, plumbing, gas lines, and comfort systems. We handcraft every cabinet and storage locker in our woodshop, which are then installed along with the shower, seating, and galley appliances. Extensive paint and fiberglass bodywork complete the exterior. And like every Airstream product, Atlas is put through an extensive water check to ensure there are no leaks before quality inspection teams test every component, system, and function before it goes out the door to a customer.

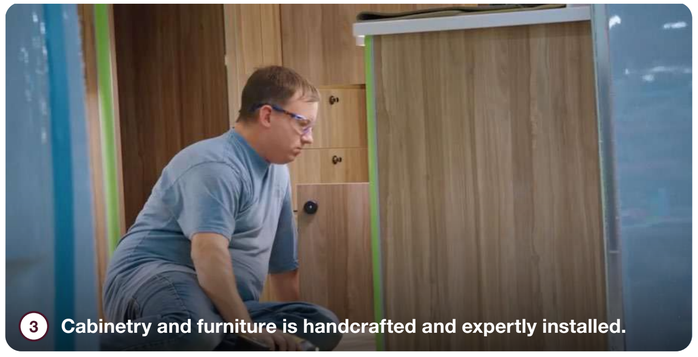

Schedule a factory tour

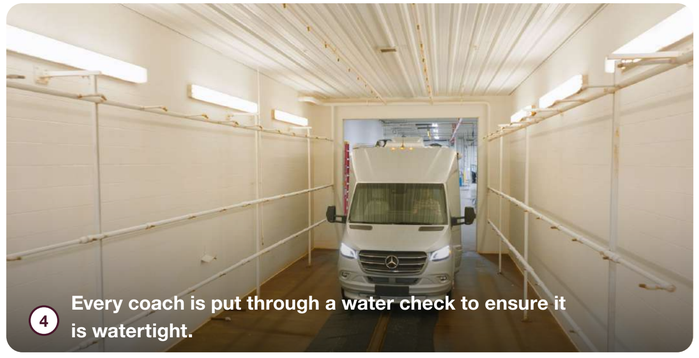

1 Interiors are outfitted with electrical, plumbing, and gas lines.

2 Seating is upholstered in-house with Ultraleather fabric.

3 Cabinetry and furniture is handcrafted and expertly installed.

4 Every coach is put through a water check to ensure it is watertight.
